NUMBER 23

It is reported that Senator Harrison, of Indiana, has received a dispatch from Washington, announcing that Judge Graham, of the United States court of this district, would be appointed postmaster general by the president.

It is said that Secretary Lincoln, in the new war department building, has a beautiful office, the most artistic and luxurious in Washington, compared with which the executive chamber is shabby.

Mr. Frank Leland, our consul to Hamilton, Ontario, was invited to the second annual Irish national banquet, held at Hamilton last week, at which he responded to the toast of "The President of the United States," referred in complimentary terms to Sir Garnet Wolseley, Admiral Seymour and Lord Dufferin—all Irishmen. The president was also the son of an Irishman, and was a worthy representative of the race. The Times, of Hamilton, says in concluding his remarks, Mr. Leland drew a glowing picture of the future of this continent, which would soon echo the tread of a hundred millions of freemen. Mr. Leland is always happy in his response on such occasions.

Carter Harrison has been re-elected mayor of Chicago, by 12,000 majority. This will not only surprise but will disappoint a great many people. It was hoped at this particular time that the better element of Chicago would unite their strength and for once defeat Carter Harrison. But this, it seems, was not done, and hence the gamblers and the proprietors of the dens on the blackest streets in that city, can go on "swindling the unwary, debauching the innocent, and carrying on high carnival regardless of law and decency." Judging from the immense vote polled, and Carter Harrison's large majority, a good many of the tax-payers must have voted to maintain that kind of city government.

THE CASE OF COLONEL REYNOLDS.
The State Journal says that United States Attorney H. M. Lewis, has received a letter from the attorney general of the United States, directing him to enter a nolle prosequi in the case of Col. Thomas Reynolds when it comes up in the United States court next June, provided Col. Reynolds will make good to the government the amount of money which is involved—about \$5,208. In his letter the attorney general said that he had been presented with a mammoth petition accompanied by a very strong and urgent letter from Gen. W. T. Sherman, for the quashing of the indictment against Col. Reynolds, and that he would feel justified in heeding the prayer upon the letter of General Sherman alone. The petition, however, was signed by a very large number of the most prominent men of Wisconsin, including supreme court judges, state officers, all the members of the Wisconsin delegation in Washington except one representative who was absent at the time the paper was being circulated, the Wisconsin state officers, a large portion of the legislature and almost innumerable old soldiers. The Journal says Mr. Lewis replied to the attorney general's letter, asking it interest upon the money embroiled by General Reynolds, and the cost which the case had made should be computed in the amount claimed by the government. No answer to this last letter has thus far been received.

WHAT THE LEGISLATURE HAS DONE.
The more important laws enacted by the legislature which adjourned to-day are as follows:

Creating the fourteenth judicial court out of the tenth circuit.
Increasing the income of the state university \$13,000 per annum.
Appropriating \$17,000 to the fish commissioner for the next two years.

Providing for the imprisonment of tramps by imprisonment in the penitentiary one year.

Incorporating the following villages as cities: Kewaupee, Menomonie, Marshfield, Hartford, DePere, Tomah, Sparta, Merrill, Edgerton, Sturgeon Bay, Black River Falls, Nicolet, Lake Geneva, Mauston and Colby.

Providing for fire escapes in hotels in cities of over 10,000. The bill provides for elaborate outer balconies, watchmen, chemical engines, supplies of hose on every floor, magnobells in every room, red lights at heads of all stairs and many other devices.

Enabling the city of Watertown to compromise its railway debt of \$1,000,000.

Establishing a private hospital for the insane and exempting it from taxation.

Annuling all city charter provisions allowing cities to fix lower liquor licenses than that provided by law.

The bill taxing sleeping-car companies four per cent. on their gross receipts in this state was passed, but the act has been vetoed by the governor, because the assembly failed to call the eyes and noses on it, as especially required to do on tax bills by the constitution. The bill taxing telephone companies one per cent. was passed, but the same constitutional objection applies to this bill also.

Fixing the price of new sections of public lands, comprising about 240,000 acres of the best state lands at \$3 per acre, with 200 contiguous acres to actual settlers at \$1.25 per acre.

The bill changing the interest law was defeated.
The plan of erecting another state asylum and that of purchasing the Milwaukee county asylum and converting it into a state institution under the title of eastern asylum for the insane, were both defeated.

MICHIGAN.

DETROIT.

DETROIT, April 4.—The latest returns from Monday's election do not change the results as telegraphed last night. About one-third of the vote has been heard from, and the indications still are that Champin, Democrat, will be elected. The county judges of the supreme court, the majorities are not likely to be large.

LANSING.

LANSING, Mich., April 4.—The Democratic-Fusionists claim the state and are confident that both their judges are elected as well as the regents. Republicans claim one judge.

KALAMAZOO.

KALAMAZOO, April 4.—Returns from this county show that the Republicans have carried it for one of the judges of the supreme court and both Regents by 300 majority over the Fusionists. Sherwood, who is the Fusion candidate for one of the judges of the supreme court, and who lives here, carries this county by about 50. The county board of supervisors stands thirteen Republicans to three Fusion members. The vote shows an increase in Republican strength in this county.

EAST TAWAS.

EAST TAWAS, April 4.—Considerable dissatisfaction exists on account of the polls closing at 4 p. m., when advertised to close at 5. The Union party, therefore, claim a number of votes lost, and the matter will probably be taken to the courts. Excitement is at a high point.

POINT IGNACE.

POINT IGNACE, April 4.—The following citizens were elected by a large majority: Mayor, A. Foley, Democrat; clerk, S. Y. Jeanette; treasurer, W. A. Dutt, Republican. There is great rejoicing here, as a ring was broken up which had been in power for years.

WISCONSIN.

MILWAUKEE.

MILWAUKEE, April 4.—The election passed off quietly, and except in wards where excitement on purely local candidates ran high the vote was considerably below the average. The result is a complete surprise to the friends of Judge Mallory, who counted on not less than 2,000 majority in the county. As a rule, the Germans voted for Waller. Mallory's majority 872. For clerk of the municipal court, Kowalski, the present incumbent, received 9,231, and Austin 6,536 votes; majority for Kowalski, 2,695.

Coleman, Republican candidate for city clerk, had no opposition; Lucas Bradley, Republican, for assessor, elected over John Decker, Democrat, by 106 majority; Clarence Snyder, Democrat, for justice of the peace, elected over A. E. Dutton, Republican, by 31 majority; Thomas Clark, Republican, for city treasurer, was elected over S. D. Potts, Democrat, by 403 majority. The Democrats elected aldermen in the First, Fourth, Fifth, Sixth, and Seventh wards, and the Republicans elected aldermen in the Second, Third, and Seventh wards. The Democratic aldermen-elect are: Charles Madorey, Michael Colbert, Ed Dooley, A. Kottmann, and C. G. Miller, and the Republican aldermen-elect are: H. H. Mitchell, H. H. Jones, and J. E. Miller. The next city council will stand nine Democrats to five Republicans. For circuit judge, J. E. Winslow, independent, received 1,507 votes in the city over John T. McWhorter, independent, of 1,007. Returns from the principal cities and villages from the circuit outside and including Racine show a 400 majority over the Fusionists. In Wisconsin beyond a doubt, elected circuit judges from 1,000 to 2,000 majority.

PORTAGE.

PORTAGE, April 3.—A. J. Turner was re-elected mayor by a unanimous vote. All the Republican city officials were elected except superintendent, for which office the Republicans had no candidate. The only excitement was a fight between two prominent Democrats—A. C. Kellogg, school superintendent, and J. S. Jones, editor of The Democrat. The "mill" took place at the first ward polls. The trouble grew out of some printed tickets which Jones said Kellogg had sent to the Registrar office. Kellogg said he did not have them printed. This angered Jones, and he used some strong language, when Kellogg called him a liar. Jones returned the blow and shook his fist in Kellogg's face. Kellogg struck Jones and Jones returned the blow and hit Kellogg. A few wild blows were exchanged, when friends parted the belligerents. Bad feeling has existed between the men for some time.

EAU CLAIRE.

This remarkable result is a signal victory of the long and workmen over the lumber pool, consisting of the principal manufacturers of the Chippewa and Mississippi rivers.

ILLINOIS.

SPRINGFIELD, April 4.—The city election yesterday was an exciting and hotly contested one. Both candidates for mayor were Democrats. Hon. John McCreary was supported by the Citizens' party, composed of the law-and-order element, and Dr. John A. Vinton, who was supported by the Fusionists. During the entire day the Citizens' party had out the watch factory band in a wagon, bearing streamers on which were the words: "Vote the Citizens' ticket for good government." The result is that McCreary is elected by 600 majority, and most of the ticket which he headed by majorities ranging from 100 to 500.

The Fusionists are well organized.

The rest of the town tickets are mixed, there being no opposition.

Judge Lyon Receives a Handsome Complimentary Vote.

A Very Quiet Election.

The municipal election in this city yesterday passed off very quietly, and there was not a full vote polled. Notwithstanding the general cutting and slashing of candidates on the city ticket and in the wards, it will be seen that the republicans have elected fifteen of their candidates. The fact is, the republicans have made some gains over the election of last year. We have held our own on the general city ticket, electing the city clerk, and sealer. The vote for street commissioner was very close, resulting as the figures now show, in a majority of one for the democratic candidate, J. A. Blount. The democrats elect the mayor, treasurer and justice of the peace and street commissioner.

The ward tickets were split considerably. In the first ward the republicans elected all their candidates; in the second ward they lost the short term and gain the long term on aldermen, electing all the rest of their ticket. The republicans lose an alderman in the third ward, and gain an alderman and supervisor in the fourth. Of course, the democrats elect their candidates in the fifth ward. The largest vote was for city treasurer, being 1784.

The following table gives the results in the different wards in detail:

THE COW ORDINANCE.

It Has Some Force which the People of Janesville must Respect.

City Attorney Hyger received a dispatch from Madison this morning, stating that our state supreme court had affirmed the decision of the circuit court in the case of Wilcox vs. Hemming.

The action arose from the following state of facts: Three horses belonging to Mr. Wilcox were found running at large in the streets, they were taken up by the city marshal and placed in the pound. Mr. Wilcox claimed that they had escaped from his barn without his knowledge, and brought an action for the recovery of the horses and damages for their detention. This was in October 1880. The action was tried in the circuit court in the following November, before Judge Conger. Smith & Phelps appeared for Wilcox and City Attorney Hyger for Pound Master Hemming. It was claimed on the trial that the ordinance known as the "cow ordinance" was illegally passed and in any event unconstitutional, as it involved the forfeiture of property without a judicial hearing. It was also claimed that there was no legal pound master as Hemming had never filed a bond or oath of office. These questions were met on the part of the city, and the jury rendered a verdict against Mr. Wilcox and in favor of the pound master. On a motion for a new trial Judge Conger set aside the verdict and granted a new trial on the ground that the verdict was against the law. The case was again tried in April 1881, and a second verdict was returned against Wilcox. He then appealed to the supreme court. The case was argued before that court by Mr. John Nichols for Wilcox, and the city attorney for the city, on the 13th day of March last. To-day the court announced their decision affirming the judgment of the circuit court. This decision at last disposes of the case, and upholds the ordinance. The city offered to return Wilcox's horses but he preferred a lawsuit for damages which in order to win, he attempted by all manner of technicalities, to overthrow the ordinance which cost the city a long struggle to obtain. Now that he has lost three horses and the costs of a long litigation by pure obstinacy, it is to be hoped he is satisfied, and that others who persist in letting their stock run at large in the streets, may take warning from the result of this case.

We All Believe

That it is a long time that has no turning; that many a shaft at random sent, finds a mark the archer little meant; that no remedy, sold, or bought, or made, cures, coughs, colds, croup, whooping cough and all throat and lung troubles so quickly nor permanently as Dr. Bigelow's Positive cure; that our druggists, Stearns & Baker are very generous to give trial bottles of the remedy free of charge.

The Water-Works Bill Signed.

Governor Ruess signed the Janesville water-works bill this forenoon. There were fears that he might veto it for the alleged reason that it was passed against the wish of a majority of the tax-payers of the city. Delegations representing both sides of the question went to Madison to-day, and the result is, the governor gave his approval of the bill.

This ends a long and in some respects a disagreeable discussion. There are two factions in regard to this bill that look upon it with entirely different eyes. One faction looks upon it with disdain, and another faction with much favor. The fact is, no water-works can be built under this bill, without the consent of a majority of the tax-payers.

Serious Accident.

This forenoon while Mr. Theodore Ottman, who resides about two miles south of this city on the Beloit road, and a young man named Fredendall, were in the barn of the former, hitching up a team for the purpose of drawing hay, an accident happened to Mr. Ottman which will likely lay him up for some weeks. The injuries to Mr. Ottman consist of a dislocated wrist, two broken ribs, and shoulder and head badly bruised. The team of horses was being hitched to a wagon in the barn for the purpose of drawing hay, Mr. Ottman being at the time on the hay-rack. Before completing the hitching, the horses suddenly started up, throwing Mr. Ottman to the barn floor, striking on his head and shoulders in such a manner and with such force as to break two ribs on the right side, dislocating his right wrist, and severely bruising his head, face and shoulders. A messenger was immediately dispatched to the city for surgical aid, and Dr. W. H. Judd went down and attended to the injured man. His injuries, while not dangerous, are very severe, and will lay Mr. Ottman up for some time.
